December 8th and 11th -2014

The Talkshop session discusses how to deal with challenging people in your life while Polar Bear hosts last Network Majlis on how to extend your reach through LinkedIn

The Dubai Business Women Council (DBWC) concluded 2014 with two events .Linda Sakr and Hoda Barakat from The Talk Shop hosted a session on 8 December on "Dealing with challenging people in your life" while Saman Hamidi from Polar Bear hosted the last Network Majlis workshop for 2014 on "Using LinkedIn to extend your reach".

"This year has been a phenomenal year for the DBWC and we are extremely grateful for the positive outcome after a year's hard work," said Mrs. Raja Al Gurg, President of DBWC. "We wanted to end the year on a high note which is why we decided to host two events for our members – and two very interesting topics they were! Everywhere you go in life you will come across challenging people and it is important, especially as an entrepreneur and business owner, to know how to deal with these people in order not to burn a relationship or encourage problems. Linda and Hoda painted a beautiful picture of the correct ways on how we should deal with certain situations, especially here in the UAE where we encounter so many different nationalities with unique backgrounds."
