TURNING A PROMISE INTO PRACTISE

“DBWC is our platform to pamper our career through solidarity and sharing *knowledge*. Our team is made up of women with different cultures and experiences; coming together in a *positive* environment, where they can be their true selves, develop and *nurture* themselves and each other. We come together as one *team* … In unity, we grow; *empowering* and supporting each other to spread the light and create a unique winning spirit.”
