STRATEGY | LEADERSHIP | PERFORMANCE

john@linkubator.com

John has worked with hundreds of high growth SMEs and Large businesses, helping leaders and managers to understand the opportunities and difficulties they face, and critically, helped them to develop their own action plans to make a positive difference and create tangible business value. John is also an experienced non-executive Director and currently acts as Chairman for several high growth companies.

In addition to his first-hand experience of business growth, John has published a practical, "real-world" book on how effective business leadership creates value for shareholders, managers, employees and economies "Star: Leadership Behaviours for Stellar SME Growth". Each participants at the session will receive a complimentary copy of John's book as well as having the opportunity to discuss their own ambitions and leadership challenges face to face with John; an experienced, no-nonsense practitioner.

Here's what you will learn

- What can I do to grow as a leader?
- What are the factors that inspire high performance in others to deliver business growth?
- What role does our Vision play in business success?
- How can my company or organization compete effectively in an ever-changing world?
