You have been successfully registered for AWS Technical Essentials.

- You will receive confirmation email for your registration.

The screenshot shows an email from AWS training and certification. It begins with a greeting 'Dear' and a thank you message for registering for the AWS Technical Essentials class. It provides a link to view or modify registration. The email then lists class details: Name (AWS Technical Essentials), Location (Manama, BH), Start Date (30 Apr 2018), Start Time (08:30 AM), End Date (30 Apr 2018), and End Time (04:30 PM). A note states that times are in the class's local time zone. It also mentions the class starts promptly at 08:30 AM and ends at 04:30 PM, with a 15-minute arrival requirement. Under 'Additional Class Notes', it provides the address: BIBF, Building 1456, Rd 4034, Manama, Bahrain. The 'Prepare for Class' section asks to review information prior to arriving. The 'Bring Your Own Device' section lists requirements: a notebook computer with Wi-Fi, administrator access to the computer (if running Windows), and Chrome or Firefox. It also notes that for hands-on labs, the device should be able to connect to a Windows Remote Desktop using a standard RDP client or to a Linux server using a standard Terminal Emulator/SSH Client.

Congratulations you are done!
